### Our Philosophy:

## NATURE-FRIENDLY, HUMAN-FRIENDLY

We believe that a small change in our THOUGHT will have a huge and a lasting impact on our eco-systems as well as our own health.

KWATIKA Gifting Ideas follows the concept of circular economy model that works on nature-friendly products by eliminating single use plastics and using 100% environment-friendly and recyclable materials leading towards a healthy lifestyle.

KWATIKA offers a range of nature-friendly gifting ideas combined with healthy dry fruits and seeds, made with 100% real ingredients of the finest quality!

We prefer to use craft papers in our packaging and also avoid any kind of lamination on printed surface. Our containers are of food grade which can further be utilised in many ways. All other materials are hand-picked with stringent quality check.
